## "NEVADAN" IS LIBELED Claim for Salvage Is Made in Court.

## STEAMER RELEASED UPON GIVING BOND

Captain Olsson Claims \$5000 for Rescuing Freighter From "Grave Peril."

The Hawaiian-American steamship "Nevadan" was libeled yesterday afternoon by J. D. Spreckels & Co. on behalf of the tug "Fearless," in the sum of \$5,000 alleged to be salvage due for the work of the tug in getting the big freighter off the "Mowera" reef on December 6th.

The vessel was placed in the hands of Daniel, the Federal court bailiff, as caretaker, but was released within an hour, upon the filing of a bond in the sum of \$6,000.

The libel filed yesterday by Holmes & Stanley and Hatch & Silliman first sets out the fact of ownership of the "Nevadan" and the "Fearless," with the further fact that Wm. Olsson was master of the latter, and Captain Weedon of the former. It is then alleged that the "Fearless" with a master and crew of ten men was lying at the port of Honolulu, fitted in every respect for towing at sea, and that the tug was of the value of \$75,000. On the evening of December 6th, it is alleged, in the second paragraph, the "Nevadan" left Honolulu for Kahului without a pilot, and while proceeding down the channel went upon the reef. The tug was summoned and found the freighter upon what is popularly known as the "Mowera reef" in a position of great peril, "the said steamship being aground on the reef at the bow and therefrom for a distance of forty-five feet towards the stern, that said steamship 'Nevadan' was then and there in great peril of being driven broadside upon the said reef and of becoming a total loss, the position where said steamship was stranded being one of great peril both to said steamship and to any assisting vessel in consequence of the shoals and rocks there abounding, and the narrowness of the channel at that point rendering it impossible for any assisting vessel to engage in towing operations without incurring great danger."

It is further related that the tug was brought close under the port quarter of the Nevadan had a hawser passed aboard, the tug then straining upon the hawser for an hour and upward, until the steamship was pulled off the reef and floated into deep water and headed for the channel. It is alleged also that the master of the steamship refused to let go the hawser and that he "towed the said tug for some distance down the channel stern first to the great danger of said tug as master of said tug could exercise no control over the said tug."

It is further set out that shortly after the tug made fast the wind freshened and veered to the southward and there was every indication of bad weather; that the steamship attempted to free herself under her own motive power, and had it not been for the tug she would have drifted broadside upon the reef and become a total loss. It is set out also that an agreement was made by which the tug should receive \$5,000 if the steamer was pulled off, but that this sum has not been paid.

Libellant says further that the steamship is a vessel of 5,000 tons and worth \$275,000 and carried sugar and general merchandise to the value of \$125,000 and that just salvage would be \$5,000. Judge Estee upon this showing ordered an attachment to issue and directed Marshal Hendry to take possession of the vessel, she being about to leave for San Francisco. The order was made returnable December 26th.

A short time afterwards Kinney, Ballou and McClanahan filed a claim on behalf of the American-Hawaiian Steamship Co. in which it was set out that the corporation was the owner of the vessel, and asking that she be released. This motion was presented to Judge Estee who fixed bond at \$6,000 which was speedily furnished with H. A. Isenberg and H. Schultze as sureties. The vessel was immediately released from the custody of the marshal.

## WIRELESS SERVICE TO BE IMPROVED

The Wireless Telegraph people are about to make some alterations in their service which will cut out the two stations on Lanai and Molokai and make an air line from Oahu to Hawaii, with a branch to Kauai. Lanai is not a business point nor is Molokai to any marked extent, and when things go wrong at the latter place it often costs a lot of money to get there and make them right. Landings are bad at Molokai in rough weather. The line, after leaving Oahu, will meet a pole at Olowahu on Maui, instead of at Lahaina, as at present. Olowahu is just seventy-two miles from here. Then the line will run seventy-two miles more to Kailua, Hawaii, where it will connect with the telephone system of the big island. Under this arrangement the Mahukona station will be cut out. There will be five stations in all, and it is the expectations of the company to greatly improve the service.

## BE A MAN!

Arouse Yourself. Feel the spark of Life in Your Nerves. Recover the Vigor You Have Lost.

Would you not like to have your friends point to you as they used to and say, "There goes a strong man?" Do you not wish your eye to be so bright, your step so firm and your form so erect that men and women will admire you and remark at your manly bearing? These are the thoughts uppermost in the minds of modern men—physical and mental perfection, strength and power.

Who does not like to be strong, to feel that he is equal in strength to any man of his age? You can be if you will obey the appeal here made to you.

Drugs have been tried and have failed. You know that. But Dr. McLaughlin's Electric Belt cannot fail; it is Electricity, and "Electricity is Life." It gives you the oil with which to set the machinery of your body in motion, and a few months' use of it will assure you health and happiness for the rest of your life. "It is worth its weight in gold to me," says a recent letter. "I would not sell it for all the gold in this State," writes another grateful patient. It will cure all Nervous and Organic Weakness, Rheumatism, Lame Back, Kidney and Bladder Troubles, Indigestion, Dyspepsia and all ailments following the effect of dissipation. It will prove of great value to any man who suffers from these ailments.
